

**University of Mumbai**  
**Examination Second Half 2021 (Lead College: BVIMIT)**

Program: Master of Computer Applications  
Curriculum Scheme: MCA ( 2year – 2020 Course)

Examination: M.C.A Semester I March 2022

Course Code: MCA12 and Course Name: Advanced Java

Time: 2 hour 30 minutes

Max. Marks: 80

Date : 29/03/2022

Q1.	Choose the correct option for following questions. All the Questions are compulsory and carry equal marks
1.	<p>Predict the output of the following program</p> <pre> import java.util.*; public class genericstack &lt;E&gt; {     Stack &lt;E&gt; stk = new Stack &lt;E&gt;();     public void push(E obj)     {         stk.push(obj);     }     public E pop()     {         E obj = stk.pop();         return obj;     } } class Output {     public static void main(String args[])     {         genericstack &lt;Integer&gt; gs = new genericstack&lt;Integer&gt;();         gs.push(36);         System.out.println(gs.pop());     } } </pre>
Option A:	H
Option B:	Hello
Option C:	Runtime Error
Option D:	Compilation Error
2.	Which one of the following is a syntax to create a simple JSP?
Option A:	<html> <body> <% out.print(2*5); %> </body> </html>
Option B:	<html> <body> <! out.print(2*5); !> </body> </html>
Option C:	<html> <body> <% @ out.print(2*5); %> </body> </html>
Option D:	None of the above
3.	Which are the IoC containers in Spring?
Option A:	BeanFactory, BeanContext, IocContextFactory
Option B:	BeanFactory, ApplicationContext
Option C:	BeanFactory, ApplicationContext, BeanContext
Option D:	BeanFactory, ApplicationContext, IocContextFactory
4.	Which are the different modes of autowiring?
Option A:	byName, byContent, setter, autodetect
Option B:	byName, byContent, constructor, autodetect
Option C:	no, byName, byType, constructor, autodetect
Option D:	no, byName, byType, constructor, autocorrect

5.	Which tag informs the spring container about the use of AspectJ annotation?
Option A:	aop:aspectj-autowire
Option B:	aop:aspectj-name
Option C:	aop:aspectj-autoproxy
Option D:	none of the mentioned
6.	Which advice combines all advices into one?
Option A:	@Before
Option B:	@After
Option C:	@AfterThrowing
Option D:	None of the mentioned
7.	Method of RowMapper interface in which, you have to construct the object that represents a row and return it as the method's return value.
Option A:	mapRow()
Option B:	query()
Option C:	update()
Option D:	none of the mentioned
8.	Class which declares a number of overloaded update() template methods to control the overall update process.
Option A:	org.springframework.jdbc.core.JdbcTemplate
Option B:	org.springframework.jdbc.core.*
Option C:	org.springframework.jdbc.*
Option D:	none of the mentioned
9.	Which of the following is a best practice for designing a secure RESTful web service?
Option A:	Validation - Validate all inputs on the server. Protect your server against SQL or NoSQL injection attacks.
Option B:	Session based authentication - Use session based authentication to authenticate a user whenever a request is made to a Web Service method.
Option C:	Both of the above.
Option D:	None of the above.
10.	What REST stands for?
Option A:	Represent State Transfer
Option B:	REpresentational State Transfer
Option C:	Represent State Transfer
Option D:	None of the above.

- Q2      Solve any Two Questions out of Three      10 marks each**
- A      What is directives? Explain different types of directives in JSP.
  - B      Explain the Types of advices in detail.
  - C      Explain Data Access operations with JdbcTemplate and Spring.
- 
- Q3.      Solve any Two Questions out of Three      10 marks each**
- A      Explain in details Map Interface and it's all operations.
  - B      Explain Spring Boot RESTful WebService with example.
  - C      What are actions in JSP? Explain any four actions in JSP with suitable example.
- 
- Q4.      Solve any Two Questions out of Three      10 marks each**
- A      Explain Dependency Injection with Spring using Setter Injection in detail.
  - B      Why do we need Generics? Explain with an example of how Generics make a program more flexible?
  - C      Explain JSP architecture with suitable diagram.
